

The Inclement Song

Music by Jared Rodehorst and Valerie Rodehorst

Lyrics by Tyler Johnson and Jared Rodehorst

F **Bb**
Come on down to Inclement
C **F**
Where Zack and Flash will implement
F **Bb**
A plan, a trip, an odyssey.
F **C** **F**
It's an awesome place to be.

All these things for us to do
A special place for me and you
So pack your bags and read a trip
Just turn the page and see

Bb **C** **F**
Come see us again
Bb **C** **F**
Come see us again

Join Flash and Zack and all their friends
For songs and laughs that'll never end
So find a place where you can read
and come see us again

Come see us again
Come see us again
Come see us again
Come see us again
